Yellow Medicine Congregation first met and worshipped September 3, 1868. A church was built in 1879 1-1/2 miles west of Hanley Falls where the congregation worshipped until June 3, 1898 when lightning struck and burned the church to the ground along with its records. A new twin-spired church was built that same year in the village of Hanley Falls. This is why some listings note only a west location.
